

JJDA COVID-19 STUDIO GUIDELINES – Summer 2021

- Masks are optional in the studio. Any dancer who would like to wear their mask in class is encouraged to do so. Dancers will have their own dedicated space in each dance room to use for their belongings and water bottles. Dancers will have frequent water breaks and they are welcome to sit in their designated area whenever they would like a moment to get water.
- Each class will use the main front entrance into the building. Each dance room will have a 5 minute break between classes to eliminate congregating at the exits.
- Parents of dancers age 4 and younger may observe class from the waiting room. Parents of dancers ages 5 and older may drop off their child with their teacher at the door. Dancers should be dropped off no more than 5 minutes before the start of class and must be picked up on time at the end of class.
- Dancers should come dressed in their dance clothes and change their shoes at the studio. As always, clean shoes must be worn for hip hop.
- Dancers should bring their own water bottles for drink breaks.
- Each dance room will have a break between classes for disinfection of barres and touch surfaces. At the end of the night, disinfecting will be done again before classes begin the next day.
- Dancers and teachers may not come to the studio if they are experiencing any of the following: fever, flu-like symptoms, chills, new loss of taste or smell, nausea, vomiting, diarrhea, cough, sore throat, shortness or breath or difficulty breathing.
- Dancers and teachers must follow all quarantine rules as set forth by the State of NJ.
- If there is a positive case in the studio we will follow the guidelines outlined by the Department of Health.
- You can keep us informed of all health and absence situations by emailing info@jilljustindancealliance.com and jill@jilljustindancealliance.com
